APPLICATION

Getting started:

Try and pull off the wallpaper facing (paper or vinyl) exposing the backing. If you cannot pull off the facing, score the paper using light pressure to minimize damage to the wall surface.

Directions: Follow these easy steps for removing wallpaper.

1. Pull off wallpaper to expose backing.
2. Apply with sprayer, brush or roller. Spray exposed backing working from top down and wait 1-5 minutes to penetrate.
3. Pull off backing.
4. Sponge clean.

If excess glue remains, apply remover and wipe clean. Borders that are difficult to remove may have been hung with a non-water soluble adhesive, and may require prolonged soaking.

AVAILABILITY

Krud Kutter brand products can be found in the paint department of most home improvement, hardware, and paint stores in the US and CANADA. For a list of retailers please: visit www.krudkutter.com or call 800-466-7126.
